Vehicle Description

AutoPark Dallas is thrilled to offer you this 2020 Subaru WRX STI for sale! It is well known at this point that Subaru has discontinued the WRX STI lineup, and when it does make its return, it will be in a hybrid/electric platform. The desirability of these models has therefore skyrocketed on the market, as enthusiasts the world over clamor to own the last generation of the 'true enthusiast' STI model - the VA chassis WRX STI. Part of the allure of the model also comes with the ability to modify them to your hearts desire and really create a unique vehicle tailored to your tastes. This particular STI has had some extremely well done modifications already performed with a **Cobb SF Intake** and **Crawford Performance Air Oil Separator** installed for reliability in mind. The **Invidia R400 Titanium Exhaust** truly completes the package providing that distinct Subaru rumble from the **2.5L Turbo 4-Cylinder**, what every true enthusiast wants to hear! From the factory, the original owner had the **STI Short Throw Shifter Package** equipped for a great feel through every shift, as well as the **STI Carbon Fiber Trunk Trim** for a beautiful aesthetic. This is your opportunity to pick up an amazing driving experience from the Subaru performance sector. DO! NOT! HESITATE!!! To swing by and check out this 2020 Subaru WRX STI that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!
