2001 Winnebago
Journey 36FT with
1 slides, 275hp
ISB 5.9 liter Cummins
diesel with the Alison
5speed Auto Trans.

We completed an inspection on this RV and the following shows the results of our

findings:

Text 864 245 0730.

The engine runs good.

The transmission shifts good.

The engine or dash AC seems to need freon.

This motorhome was just driven approx 600 miles with no issues.

There is a basement HVAC unit that functions.

The water system should work.

The rear air bags leak down. Once you rev up the engine or drive, the air is fine. The air leaks down once the engine is turned off.

It has 2023 date code tires.

The microwave turns

on, although we did not cook anything in it. The fridge works.

The LP system, water heater, furnace and stove top try to function but the LP tank is empty.

A few of the lights do not work as you can see in the photos, most of the time, the bulbs are bad.

Most of these older motorhomes really need the oil, oil filter, fuel filter changed on both the engine and the generator. Sometimes the batteries are older and need to be replaced.

The hydraulic jacks, the jack panel turns on but

the jacks do not work. It is most likely a bad board or solenoid that needs to be replaced.

The electric step tries to work but does not.

The flooring is decent, especially considering it is 23 years old.

The Onan LP generator works.

There is a location for a washer dryer combo unit. We can install a functional used combo unit for \$800, or a new combo unit is approx \$1700 installed.

We do not normally check the TVs, radio or the electronics.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description, the I did NOT check it, it is missing or similar. The only items checked are listed or shown in photos.

This RV is older and a little dirty and it could use a good cleaning, it is 23 years old and used. I tried to take a lot of photos so you can tell.

For the buy it now price of \$14999 we will include the following, but any other price the following is

NOT included:

oil, oil filter and fuel filter change on both the engine and

the engine and
generator
Wiper replacement

Good batteries if
needed.

Full tank of Diesel and
LP.

With the buy it now
option, we offer one
hour of hands on walk
thru demonstration with
the new owner, we are
also more flexible on
the payment terms. If
you bid on an ebay
auction and win this
motorhome, the total
amount is due within 72
hours and you need to
schedule a minimum of
1 hour time with the RV
tech mechani at \$150
per hour. If you win this
motorhome on a

auction and do not schedule time, then it is a sign and drive purchase.

This means that you have the opportunity to purchase cheap, fix it up and sell for a profit if you so desire.

For any other price those items would NOT be included.

We do NOT accept credit cards or Paypal for final payment.

If you win this item on an ebay auction, then the following terms would apply.

The \$500 down payment is due as soon as the auction is over, call us for a credit card or similar.

The total amount is due

The total amount is due by the close of business on Wednesday whether you pick up it or not. We are typically purchasing additional RVs at auctions nearly every week.

We require the payment by close of business on Wednesday so we can purchase additional units at the auction.

We try to sell a lot are very low profit so we have to turn out money very fast.

We charge a late payment fee of \$400 if we do not receive the total by Wednesday.

As per our ebay auction terms and conditions

we charge a \$295 eBay Doc fee in addition to the bid price.

You can pick up the camper anytime during OUR business hours.

We can store the camper for free for up to 6 weeks after it has been paid in full.

Once it has been paid in full we can perform most any service that you need.
