Model/Trim:	225 Gallon
Condition:	New
Engine:	0 cc
Exterior:	Yellow
Mileage:	0
Hours:	0

The AG SPRAY 5303661-BLU 225 Gallon MC 2 SERIES 3-POINT Sprayer maximizes your tractor's carrying capacity and comes ready to go to the field. The heavy duty MC225BXT3858-22PS-BLU 3 point sprayer is designed to be CAT 2 compatible while carrying the fluid load closer to the tractor allowing more capacity and greater stability. The 8-roller PTO pump has a combination quick coupler for standard 540 6-spline or 1000 21-spline to easily connect to the tractor PTO shaft. The BXT3858 Series Boom covers up to 38' with combination traditional 4 AIXR nozzle center section and adjustable angle Left and Right Boom X-Tender nozzles designed to reduce drift and promote spray penetration. This 3 section configuration eliminates the wear and tear of a traditional boom, while still allowing the operator to cover a wide swath. Three section controls are conveniently placed making access easy from the tractor seat allowing the operator to spray 16' left, 16' right or 6' center section or any combination to the full 38'. Spot or fence line spraying can be done from the tractor seat or walking behind with the PRO 22" Spray Gun equipped with 25 Feet of hose. Meet all of your liquid application needs with the 225 Gallon MC 2 Series Sprayer with more capacity, greater stability and better performance on all terrains.
