Another great truck from the same fleet which we have sold other trucks from- that have been awesome! New Firestone drive tires. New water pump. New tarp system. New IVA Sensor. Hubcaps, lug nuts, detailed, show polished, oil changed, hydraulic system and serviced. Truck came from California so the frame was beautiful out of the box for us. Then we sandblasted and painted the frame now it looks like it was dipped in candy. This truck is really fun to drive. We are close to SLC airport, we can pick you up or help you get it delivered to your door.
