Mileage:	6,724

2021 Harley Davidson FLHR ROAD KING

Why pay FULL RETAIL at a Harley dealership when you can save thousands on this incredible "LIKE NEW" machine? Take a close look at this stunning 2021 Harley Davidson FLHR Road King in the super sharp Vivid Black with ONLY 6,724 miles, that wasn't a miss-print, ONLY 6,274 MILES. I just traded it from the original owner from just outside Harrisburg. I personally inspected and went over this one and "like new" is the best way to describe it. The bike is stunning in every way, bar none. It was sold new at Iron Valley Harley Davidson of Manheim, PA just a few miles from me. Now about my price, I

have done my research and this IS the lowest priced 2021 FLHR, with similar miles and condition, on the internet. In

fact it's priced where the many similar 2020 models are!! It's more than a fair price so don't get caught with your shorts down and lose the bargain thats staring you in the face. All I can say is WOW, WOW, WOW, and you know, even as a touring bike it still brings its share of attitude and fulfills every man's lifelong dream... Send some fuel to the Road King® new Milwaukee-Eight® 114 engine. There's a dark side to our heritage and this Vivid Black thundering V-Twin will light it up.

You're looking at the king of it. You get top-of-the-line power and a look that will stop traffic. Here's a wide-open world to experience out there. We've been building the motorcycles to help you discover it in the most epic way possible since we invented the fully dressed touring machine in the 1960's. Entire continents; and all the mountain ranges, canyons, glaciers, small towns, deserts, cities, roadside attractions, adventures, and stories they contain; are yours for the taking in the saddle of a Harley-Davidson® Touring machine. no one builds them better.

Just some thoughts:

You know, as Americans we've never lived in fear and we're not about to start now. No high gas prices, no incompetent politician and no political party dead set on destroying the foundations of our nation will ever keep

me from ridin my Harley because
FREEDOM has always been worth
fighting for and FEAR SUCKS!
Freedom and wind will outlast hard
times and I don't know about you, but
I'm gonna ride no matter what! Now
don't you think it's time for YOU to
experience what our forefathers must
have imagined FREEDOM could look
like! There's nothing like throwing your
leg over the heart pounding V Twin
engine that has been the heart and
soul of a Harley Davidson for over 120
years. Most people would say it's wind
blowing in your face when you're
cruisin the streets and motoring down
the highway, but Harley riders realize
it's not just wind, it's FREEDOM!! And
that's something every man dreams of
and every woman secretly desires. So
follow your dreams and allow Harleys
Direct turn your dream into reality
today.

About My Prices:

I do my best to offer the highest
quality, lowest mileage bikes than
anyone else on the planet and do it at
a fair price. My prices are ALWAYS
lower than franchised dealers and our
bikes have much lower miles and they
are always in better condition. Others
may be offering bikes for less, but not
for a comparable machine. Always
remember, if the deal looks and
sounds unbelievable, you better take a
closer look. My bikes generally have
significantly lower miles than "average"
bikes for similar comparisons so mine
could be more expensive than a same
year bike often with 30 40 50 or even

year bike often, with 30, 40, 50 or even 60,000 miles on them in some cases. If you think my price is unfair for the condition and mileage, send me your thoughts. All I ask is that you be open with your reasoning, be fair and sensible and I'll do my best to work with you and make every effort to bring your lifelong dream into reality.

FACEBOOK ALERT

If you are viewing this listing on Facebook we are limited to the number of pictures we can post. We also recommend that contact be made directly rather than through Facebook. I am not on Facebook constantly monitoring questions through that format.

But here's a quick look into who we are...My wife and I are people of great faith. We have been married for 42 years, have three children, two are married with a total of six grandchildren. One son is deceased.

Our lives are blessed beyond our imagination. Like anyone, our hearts have ached at times and we have struggles just like you do. We're not perfect by any means...no life is. We have simply put our trust in Jesus

Christ, the one and only Son of God and we believe that through that relationship we can face and overcome any obstacle in our pathway. We have prayed over every bike in our inventory and are not ashamed to let the world know all about the peace God offers. We are not going to preach religion to or at you, because we believe religion is a “trap” when it’s really about a one on one relationship with the one and only Son of God. Religion isn’t not our style, but we are all about listening to and hearing the quiet voice of the “God of miracles”. We want you to know that what we do goes far beyond buying and selling motorcycles. It’s about the people we encounter and are brought into contact with and the lasting friendships we are making. We have had the honor of praying with countless customers and are always willing to speak words of encouragement to anyone who’s path we may cross. In addition to the above, I’ve been a Harley enthusiast for over 40 years and enjoy them so much that I buy and sell them as full time hobby. I handle the cleanest, low mileage Harley’s on the planet and when I can get my hands on them, am able to offer them at better than average prices for identical motorcycles found at franchise dealerships. I can do this because I have limited overhead since my wife and I are the HarleysDirect.com team. My bikes are not purchased at Powersports Auctions; they are not repos or the bikes other dealers rejected. I

purchase the majority of my bikes right out of the garages of the original owners and occasionally from auto dealerships where they are traded. I search high and low for the cleanest, low mileage Harley's on the planet and travel upwards of 250 miles in any one direction leaving home some days at 6am and returning many nights at 11pm to find my Harleys. I am positive that there isn't anyone on the internet that works any harder than I do to bring top quality machines to their clients. I only offer above average inventory to the select few who are fortunate enough to "run across" a "HarleysDirect.com" offering. Every bike is carefully gone over by a certified Harley technician with adjustments to all necessary components, a fresh oil change and a thorough test ride. I guarantee all my Harleys to be of the finest quality and the cleanest found anywhere on the planet with no stories or long explanations. If you aren't 100% satisfied with your purchase I will happily release you with no questions and a full refund of your deposit. I have sold bikes to more than 47 states, Costa Rica, Australia, Germany, France, Dominican Republic, Puerto Rico, Arab Emeritus Dubai, Canada, Laos, Thailand and many of my local communities and I do not have any unhappy client anywhere. I'm a very particular person and do this because I love it. I will tell you what I know and can see. People say I'm a little OCD, I just think I'm particularly fussy. My personal bikes get no more attention

personal bikes get no more attention when I clean, detail and service them. I like to keep it simple, no pressure, no sales pitches, no screaming or yelling about "this month's special" just straight forward biker honesty. You WILL love dealing with "HarleysDirect.com"!

So check out our full inventory of bikes due in and also bikes available now at www.HarleysDirect.com.

ALERT

All of my machines are for sale outside of eBay and I would estimate that 90% of my Harleys sell BEFORE the auction comes to a close so don't delay. Most of my buyers contact me, discuss the particulars and make their decision to buy directly. This causes many to miss out on some quality machines at extremely fair prices. My fees to eBay are paid when the bikes are listed so selling off eBay makes no difference and is permitted. So please know that I am happy to answer any questions you may have and understand that buying on line may be new to you. Give me a call and we'll see if we can't put you at ease. Call or text Tim at 717 278-1583 8am - 9pm EST or email me at timothyhamilton1977@gmail.com anytime. I will respond as soon as possible.

I do not use the eBay app so if you reach out through that source I will not respond.

FEES

We have a one-time fee of \$200.00 for title and paperwork processing. This

title and paperwork processing. This includes all necessary documents to register the bike in your home state. All appropriate documents are notarized and prepared for you to walk right into your local DMV location and register your bike on the spot or you can haul your bike home and register it at your local notary or AAA for free if you are a member. ALL titles are clear, clean and without liens. You will also receive copies of my dealer information, licenses and other pertinent documents.

Out of state buyers have the option to purchase a temporary transit tag if you pick your bike up "in person" at our local notary for roughly \$70.00 if you are interested in riding your bike home or you can haul it home on a trailer. You will need a valid motorcycle insurance identification card and a valid driver's license to do so.

SCAM WARNING

A few years ago I had two customers scammed by criminals who mostly function outside the USA and who contact them representing my listed or recently ended auctions. They will make you an offer that should seem "too good to be true" but two have fallen for it. They will also tell you that they want to do the deal through eBay or Pay Pal to receive their protection service, but it is a farce. IF you receive ANY communication from ANYONE but my email address or my cell number I would suggest you do not get caught up in the smoke and mirrors

*caught up in the smoke and mirrors.
One of the two customers lost
\$9,000.00 and the other \$6,000.00 so
don't get suckered in. CALL ME on my
cell number listed BEFORE you wire or
PayPal ANYONE funds for one of my
bikes. I speak and type the English
language very clearly!!*
