* This is one of our favorite SUVs and possibly one of the best kept secrets - Touaregs are based on the same platform as the Cayenne or Q7 - these trucks are powered by 3.6L Iron cast VR6 engines (time proven to be a workhorse if maintained properly) - that marvel of an engine is paired with a very reliable ASIN transmission (made in Japan and installed on so many Toyotas) + that drivetrain is attached to one of the best AWD systems (Quattro based on Torsen AWD). That mechanic AWD system is waay better than BMW xDrive or Mercedes 4Matic. If you need AWD and still want a German car - this is your best choice.
