Excellent running 292 V8 with 3 speed manual transmission. Black and white exterior with black and white interior. Restored sometime in the mid to late 1980's. It has been owned by the current family since the early 1990's. Removed from storage in 2021, the car was taken to the shop to get functional again. The car received: new fuel tank and sending unit, carb rebuild, distributor cap and rotor, points, condenser, waterpump, fuel pump, starter switch, spark plug wires, battery cables, brake wheel cylinders and brake shoes. Currently the fuel gauge is not working. Floorpans, trunkpan and frame looks good. Some old rust repair in the inner rockers and inner lower rear quarters. Great start to a project or drive as is. Clean California title in-hand.
