In order to Certify this unit we changed the oil, flushed the brake fluid, replaced the windshield, replaced the battery, replaced one key fob battery, installed two tires, performed an alignment, changed the cabin and engine air filters, performed an upper engine fuel cleaning and added a fuel system treatment (\$2,516 value). We found the brakes to have 70% front and 63% rear pads remaining. The tires are Goodyear Assurance Max Life with 10/32nds tread. They have 11/32nds tread new.

The CarFax indicate there has been accident damage to the front and left rear. We found no damage to the vehicle - all panels are original and have not been repainted.
