Reviews: * Exceptional fuel economy; abundant passenger and cargo room; nifty self-folding rear seats; appealing tech and safety features. Source: Edmunds* The Honda CR-V has a modern aerodynamic look, with sweeping lines, exciting body sculpting, and a dramatic profile. It has enough attitude and ability to get you around town and then tackle the open road and the great outdoors. The CR-V comes equipped with a 2.4-Liter i-VTEC 4-Cylinder engine with 185hp and a Continuously Variable Transmission. It has a rigid unit-body structure, coupled with taut suspension tuning, which give it impressive handling characteristics. For ultimate 4-season security, the CR-V is available with Honda's Real Time All-Wheel Drive with Intelligent Control System that smoothes out initial acceleration and can transfer up to 100% of torque to the rear wheels. The CR-V is very fuel-efficient and can get up to an EPA estimated 34 MPG Highway when in two-wheel drive. Hit the green ECON button, and the vehicle makes adjustments to its systems
