Vehicle Description

AutoPark Dallas is thrilled to offer you this BEASTLY LOW MILEAGE Paxton NOVI 2000 Supercharged Viper GTS Blue 2006 Dodge Viper SRT-10 for sale! The Insanity of the Viper is a wonderful piece of Dodge history that can be widely appreciated as a sports car that demonstrated how aggressive a V10 can be. Stock alone they pushed an astonishing 510hp with 535lb of torque that could easily burn rubber! Our beautifully Viper here at APD hides a beautiful Paxton NOVI 2000 Supercharger under the hood to increase that already high horsepower just past 700hp, has been greatly cared by the previous owners with low mileage to show that, and the overall condition is amazing for the age! DO! NOT! HESITATE!!! If you are searching for a fun weekend warrior or a great show car, then look no further than our Dodge Viper parked here in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Performance / Modified and Luxury Vehicles!

Referrals and Testimonials is what our business is built on!

The team here at AutoPark Dallas, is dedicated to offering a level of customer service not usually found in the automobile industry. Thanks to years of extensive car buying / selling experience, we pursue quality used and new vehicles that are hand-picked from factory sources. Our love for automobiles and dislike of traditional dealership tactics is what motivates us to provide the service we do! The pride we take in continuing this service long after the vehicle has been delivered is what we strive for! Looking forward to making every effort to see that our customer is completely satisfied and a friend for life!

Pre-purchase inspections are always welcomed!

We also offer airport pick-up, competitive financing options, free CarFax Reports, Car Shipping nationwide, Extended Warranty plans, and so much more!

Trade-In(s) are always accepted or sell us your used car (MODIFIED OR NOT)! Please call or text for more information about Trade-Ins or selling your car to us @ (214) 945-2601!
