This vehicle has a Salvage/Rebuilt title. But don't let that keep you from seriously considering this thing as a weekend cruiser, daily driver, or even a show car! With the amount of work that's been done to make this beauty stand out above all the others. This car has pretty much been all gone through from the newer paint on the exterior to the new top and the new interior it's basically a brand new car at this point. The 1.8L runs phenomenally and sound great! The transmission easily glides through all of the gears and leaves you in total control of this super fun to drive go kart for lack of a better term. There's a reason Miatas are proven at the track time and time again, these things can handle! Did I mention how much fun they are to drive? Grab some gears and let it rip in this beauty and you can do it all with the top up or down, driver's choice. Ask us how we can assist you in financing and don't let the title status get you down, this thing is truly gorgeous, and one of the most fun cars you'll ever have the pleasure of driving! Trade ins are always welcome!
