While we typically do not sell vehicles in this price range because they will not pass our inspection process this Focus inspected incredibly well. Overall it is in fantastic condition inside and out but does have typical cosmetic blemishes that are consistent with the age and mileage of this car including one spot on the driver's door with a previous repair that is noticeable if you are looking for it however overall we felt this Focus was simply too nice for us to send to auction. We know it is going to make a great car for the next owner!

To make sure this Ford Focus SE runs and drives perfectly, it has been fully inspected and certified to be sold. The inspection process is very thorough and all of the vehicle's systems, fluids, brakes, tires, suspension, engine and drivetrain are gone through so there are no surprises! If you have any questions or are considering trading in your current vehicle, please call anytime at (715) 833-2020.
