In order to Certify this unit we changed the oil, serviced the transmission and updated the PCM software, flushed the brake fluid, replaced a key fob battery, replaced and programmed one key, replaced the courtesy light bulb, replaced a fender liner, installed four tires, performed an alignment, changed the cabin and engine air filters, replaced the wiper blades, performed an upper engine fuel cleaning and added a fuel system treatment (\$2,179 value). We found the brakes to have 100% front and 100% rear pads remaining. The tires are General Altimaxs with 8/32nds tread. They have 10/32nds tread new.

The Carfax indicate there was a minor accident to the vehicle. We found the hood to have been repainted. The work is good.
