and the following shows
the results of our
findings:

Text 864 245 0730.

Meticulously
maintained for the past
6 years for the use at
Clemson Football
games.

The engine and Onan
Diesel gen run good
and maintained
regularly.

The transmission shifts
good.

The engine or dash AC
seems to work.

This motorhome was
just driven approx 200
miles with no issues.

There are 3 roof top AC
units that function.

The water works.

It has 2000 date code

It has 2023 date code
front tires and older
rear.

The microwave turns
on, although we did not
cook anything in it.

The fridge works.

The LP system, water
heater, furnace and
stove top do to function.

A few of the lights do
not work as you can
see in the photos, most
of the time, the bulbs
are bad.

Most of these older
motorhomes really
need the oil, oil filter,
fuel filter changed on
both the engine and the
generator.

The hydraulic jacks
work.

The 10k Onan diesel

generator runs great with 6700 hours and maintained regularly.

There is a location for a washer dryer combo unit. We can install a functional used combo unit for \$800, or a new combo unit is approx \$1700 installed.

The batteries are 2023.

We do not normally check the TVs, radio or the electronics.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description, the I did NOT check it, it is missing or similar. The only items checked are listed or shown in
