TRANSMISSION OIL COOLER DUAL EXHAUST SYSTEM

The 2014 Chevrolet Caprice is a large police sedan. As a police vehicle, the Caprice is built for heavy-duty use with upgraded suspension, cooling components, and brakes.

This is a local, 2-owner, perfect CarFax Caprice, that runs and drives great. It belonged originally to the local police department. It was one of the supervisors cars, and they sold it to the local ambulance service here in town, and it was used by service administrator as his company car, so it was not driven hardly at all, just normal driving. It has a great service and maintenance history so it should have lots of life left in it. It is sitting on a great set of Goodyear Eagle tires, so it is completely ready to go! This car would make a perfect car for some security service, or if a police department needed a super cheap patrol car, or it would just make someone a great normal, every day car!

To be able to find one of these really hard to find Caprice's with the big motor, especially one with this great service and maintenance history, this nice, this clean, at this great price, is a deal, and keep in mind, this is an "out the door" offer, nothing extra, no doc or dealer fees, nothing!

Please feel free to give me a call to further discuss your interest in this
