Step into the world of timeless elegance and unbridled automotive passion with the iconic 1983 Mercedes-Benz 380SL Convertible. A true classic that has gracefully aged, this magnificent roadster is not just a car; it's a statement of sophistication and a testament to the engineering prowess of the era. As you glide down the boulevard with the top down, you'll appreciate the fine-tuned balance between performance and luxury that only a vehicle of this pedigree can offer. It is an opportunity for the true connoisseur, an invitation to join an exclusive club of enthusiasts who understand that some things only get better with age.

This is a local, southern 380SL with no rust. It runs and drives fine! It belonged to man here in town who was in the process of completely restoring it for his wife for a play toy. He just spent \$6,000 on a great new paint job. He took it to a local shop and spent around \$10k mechanically to get everything as it should be, put new tires on it, and then gets in a divorce

and sold it to me. The only 2 things it needed when I got it was the wood interior trim was bad in places and I replaced it with new! I just put a brand new convertible top and windows on it at a cost of over \$2,000! If you are looking for a great Sunday play car to drive around town on pretty days, without tying up a fortune, this one is for you, and the best part is with new paint and new top it looks fantastic, its not some old faded out rust bucket, this car looks amazing now!

To be able to find one of these great 380SL's with new paint, new top, new tires, runs and drives fine, looks even better, this nice, this clean, at this great price, this is a deal, and keep in mind, this is an "out the door" price, nothing extra, no doc or dealer fees, nothing!
