Behold the epitome of luxury and performance, the 2018 Lexus LC500 Coupe, a true masterpiece of automotive engineering and design. This exquisite machine is poised to deliver an unparalleled driving experience to those who demand excellence and sophistication in their vehicles. The 2018 Lexus LC500 Coupe is more than just a vehicle; it's a journey, a destination, a dream realized. It's an opportunity to own a piece of automotive royalty, to become part of an exclusive club of enthusiasts who understand that some cars don't just transport you from one place to another—they transform every drive into an event, every moment into a cherished memory.

This is a local, 2-Owner, non-smokers Lexus, that has been garaged in the South its entire life, that runs and drives perfect, and looks even better! This beautiful LC500 is in flawless condition, inside and out! Seriously, I cannot emphasize how brand new it truly is! It has a great service and maintenance history, looks like a real new set of Pirelli tires on it and I have all the books and manuals that came with it new. I also have both remotes, and a copy of the original window sticker where it listed new for \$102,261.00, so it is completely ready to go for the next owner!

To be able to find one of these really rare and hard to find LC500's, with this low mileage, this

great color combination, this clean, this new, thousands of dollars cheaper than anyone you can find anywhere, and keep in mind, this is an "out the door" price, nothing extra, no doc or dealer fees, nothing!

Please feel free to give me a call to further discuss your interest in this

*This car shows to be bought back by Lexus from the original owner on 12/23/2019 over a vibration issue with the transmission when it had 13k miles, Lexus replaced the transmission with a new one and resold this car at auction, the carfax shows this car to have a branded title, it absolutely does NOT have a branded title, it has a clean, unbranded State of Tennessee title, and the 2nd owner has had it ever since, and never complained about anything, and it does ride and drives perfect!
