This camper is located
at Campers For Sale
LLC in Piedmont SC
29673 at 616 Shiloh
RD.

We are open M-
Thursday 9 to 4 and
Friday 9-12.

You can view this

of questions, then you need to schedule two hours. If you do not schedule any time, then the ebay transaction will be just a sign and drive, you can figure out all of the camper stuff yourself. If you are purchasing on a buy it now price, or some other website then no worries about scheduling time.

2005 Winnebago
Vectra 40AD 40FT with
3 slides, 400hp
ISL 8.9 liter Cummins
diesel with the Allison
6speed Auto Trans.

We completed an
inspection on this RV
and the following shows
the results of our
findings.

findings:

Text 864 245 0730.

The engine runs good.

The transmission shifts good.

The engine or dash AC seems to work.

This motorhome was just driven approx 200 miles with no issues.

There is a basement HVAC unit that tries to function, the fan motor that blows air to keep the ac cool does not run, however the fan that blow air inside does work, so it blows air but not cold air. The basement AC or HVAC unit may possible could be repaired by replacing the blower motor but the whole

motor, but, the whole unit has to be removed and disassembled and repaired. It is a little rusty so it could be not easy, meaning it might just be better to replace the whole basement HVAC unit, which is approx \$3700 plus about 3 or so hours labor..

The water system should work, it was winterized at the auction. The electric water pump was disconnected when winterized.

It has Goodyear Front 2011 date code tires and the rear tires look to be newer but the date codes are turned in so we could not view

the date code of the rear tires.

The microwave turns on, although we did not cook anything in it.

The fridge works.

There is a dishwasher that we did not check and the latch that holds shut or closed is broken and there is an extra latch installed to keep it closed.

The LP system, water heater, furnace and stove top try to function but the LP tank is empty.

A few of the lights do not work as you can see in the photos, most of the time, the bulbs are bad.

Most of these older

motorhomes really need the oil, oil filter, fuel filter changed on both the engine and the generator.

The hydraulic jacks work.

The fuel gauge shows over full, so I am assuming that the fuel gauge does not function properly. The generator will run as long as sitting still, like when the fuel sloshes around air gets in the line, so the fuel level is probably 1/4 tank or so, also meaning the fuel gauge needs to be replaced.

The main awning is electric but it does not seem to function and

we did not check
further, it could be as
simple as a fuse or
maybe need a new
awning electric motor.

The Onan diesel generator runs.

There is a location for a washer dryer combo unit. We can install a functional used combo unit for \$800, or a new combo unit is approx \$1700 installed.

The batteries are older and may need to be replaced.

The electric steps are bent but could be straighten and the electric step motor kit needs to be replaced.

We do not normally

check the I VS, radio or the electronics.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description, the I did NOT check it, it is missing or similar. The only items checked are listed or shown in photos.

This RV is older and a little dirty and it could use a good cleaning, it is 19 years old and used. I tried to take a lot of photos so you can tell.

For the buy it now price of \$44999 we will include the following, but any other price the following is

Following is

NOT included:

oil, oil filter and fuel
filter change on both
the engine and
generator

Wiper replacement

Full tank of Diesel and
LP.

6 new tires

Step repair

Functional combo
washer / dryer

Replace the batteries

With the buy it now
option, we offer one
hour of hands on walk
thru demonstration with
the new owner, we are
also more flexible on
the payment terms. If
you bid on an ebay
auction and win this
package, the total

motorhome, the total amount is due within 72 hours and you need to schedule a minimum of 1 hour time with the RV tech mechani at \$150 per hour. If you win this motorhome on a auction and do not schedule time, then it is a sign and drive purchase.

This means that you have the opportunity to purchase cheap, fix it up and sell for a profit if you so desire.

For any other price those items would NOT be included.

We do NOT accept credit cards or Paypal for final payment.

If you win this item on an ebay auction then

an easy auction, then
the following terms
would apply.

The \$500 down
payment is due as soon
as the auction is over,
call us for a credit card
or similar.

The total amount is due
by the close of
business on

Wednesday whether
you pick up it or not.

We are typically
purchasing additional
RVs at auctions nearly
every week.

We require the
payment by close of
business on

Wednesday so we can
purchase additional
units at the auction.

We try to sell a lot are
very low profit so we

have to turn out money very fast.

We charge a late payment fee of \$400 if we do not receive the total by Wednesday.

As per our ebay auction terms and conditions we charge a \$295 eBay Doc fee in addition to the bid price.

You can pick up the camper anytime during OUR business hours.

We can store the camper for free for up to 6 weeks after it has been paid in full.

Once it has been paid in full we can perform most any service that you need.
