2007 Coachmen  
Chaparral model  
277DS, 7578UVW with  
two slides.

We completed an inspection on this RV and the following shows the results of our findings:

Text 864 245 0730.

The is a roof top AC unit that does not blow air, it just makes a

humming sound. Either the AC electronic board, fan motor or the whole AC unit is bad. The water system should work, it was winterized at the auction.

It has 2 old date code tires and they need to be replaced and two new tires.

The microwave turns on, although we did not cook anything in it.

The fridge works.

The LP system, water heater, furnace and stove top try to function but the LP tank is empty.

A few of the lights do not work as you can see in the photos, most

of the time, the bulbs are bad.

The keys are missing.

The battery may be missing or may need to be replaced.

The carpet needs to be replaced.

We do not normally check the TVs, radio or the electronics.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description, the I did NOT check it, it is missing or similar. The only items checked are listed or shown in photos.

This RV is older and a

little dirty and it could use a good cleaning, it is 17 years old and used. I tried to take a lot of photos so you can tell.

For the buy it now price of \$9999 we will include the following, but any other price the following is NOT included:

Full tanks of LP.

2 new tires

Functional roof AC

Keys
