Additional pictures are posted on I-95 Muscle's direct website.

Just because Chrysler produced underpowered Jeeps for three decades doesn't mean they have to stay that way! Someone bought into that idea without taking any shortcuts and stuffed a 350 CID Chevrolet Small Block V8 under the clamshell hood of this 89 Wrangler YJ and really brought it to life. As if a stock 350 wouldn't boast enough power, they upgraded it with headers, an Edelbrock aluminum intake manifold, Edelbrock 4 barrel carburetor, and a slightly aggressive Camshaft. New true dual exhaust rumbles through 2 chamber mufflers and is ran out behind the rear tires. A Turbo 350 3 speed automatic transmission backs the V8 with assurance and smooth shifts. Cosmetically, it's set up to be a bit of a sleeper. The faded white paint and Wrangler graphics would never let anyone guess that thousands have been invested into the powertrain. Steel D-Hole wheels with 31x10.50 tires provide plenty of grip and stability when wheeling without requiring some wild axle and gear set combo. Pop the soft top off whenever you feel like it and let your inner Jeepster roam free! Financing is easy and trades are welcome, so call, click, or come by today!
