Additional pictures are posted on I-95 Muscle's direct website.

A commonly requested vehicle just landed, and it's no slouch! This Candy Blue 1968 Chevy II has a 5.3L Vortec V8 under the cowl induction hood topped with FiTech's ultimate intake/throttle body combo, power steering, and power brakes. A built TH350 automatic and a narrowed 3.73 rear end with positraction round out this bulletproof drivetrain. Black Boss 18" wheels (9" wide front & 10" wide rear) match the Yenko stripes while 245/275 Firestone tires grip the asphalt. A custom suspension featuring a 4 link rear and tubular a-arms improves the handling significantly with disc brakes on a four corners so that this Nova can slow as well as it can go. You'll find a few other nice touches like LED headlights, an SS gauge cluster console, a RetroSound radio, and some racing seats with big bolsters. The deep blue hue seems to shift between light and dark as you walk around it and all of the black accents really make it pop. Furthermore, this rust free beauty of a Nova has been cared for throughout it's restomod conversion and garage kept over the 3000 miles it's been driven since. If you've been after a classic Nova, you owe it to yourself to come look this one over. Financing is easy and trades are welcome, so call, click, or come by today!
