Please take a moment to admire the Daix Minion. This fantastic little scooter started out life as one of our most popular sellers, the Daix 10-D. The previous owner wanted something no one else had, so he went to work. This scooter has been modified to a point it is no longer recognizable, and that's not a bad thing. Look at that sporty little shortened, extended body. The upgraded exhaust. This thing has been updated and upgraded everywhere you look. If this eclectic scooter caught your eye, you should know, one thing is for sure and certain, NO one else will have this bike. This eye catcher won't last long so stop by and see it TODAY at your friendly neighborhood scooter store, Midtown Motorcycles and Scooters.
