AutoPark Dallas is thrilled to offer you this 2008 Bentley Continental Flying Spur for sale! The Continental has held onto the title of being Bentley's flagship vehicle since the introduction of the GT (coupe) back in 2003 soon after in 2005 the Flying Spur (sedan) would come about, which took big body sedans to a whole other level. This Flying spur we have here at APD is the top-of-the-line model! Four doors, a W12 Bi-Turbo Engine, and built like a tank the Continental Flying Spur showed the world that even the big luxury sedans can put the pedal to the metal with a whooping 551 horses! Our Bentley Continental here at APD has been handled with great care with low mileage for the year and AMAZING condition to show! DO! NOT! HESITATE!!! If you are in the market for a Bentley, a big body sedan, or just an amazing Exotic ride then look no further than this Continental parked in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Performance / Modified and Luxury cars!
