**REALLY LOW MILES FOR A
2018 MODEL**

RUNS AND DRIVES GREAT!

******The owner had a Tommy Lift Gate added to this truck. They**

used this truck for light medical supply deliveries, and they hardly ever used the lift. The lift installed was over \$4000, if you don't want it, you could take off and easily sell for \$2k I believe, and I have the original tailgate that came with the truck new. And if you want to keep the lift and use it, you could easily sell the tailgate for \$750****

Step into the realm of power and prestige with the 2018 Ford F-150 XL LWB 4WD, a truck that's not just a vehicle but a testament to strength and reliability. With only 55,758 miles on the odometer, this robust machine is poised to take on new adventures with its next proud owner. The 2018 Ford F-150 XL LWB 4WD is not just a truck; it's a symbol of American engineering and craftsmanship. It's a vehicle

that provides peace of mind, knowing that you're driving a truck that's been recognized for its excellence in performance, design, and value.

This is a local, one owner, perfect CarFax F150, that runs and drives perfect, and looks great! This wonderful one owner is in excellent condition, inside and out, as you would expect with such low miles! It was bought new by a medical supply company here in town. They delivered to the medical district right up the street, so they didn't put many miles on it. They also added a power "Tommy Gate" to the truck, but rarely ever used it. I have the original tailgate that came new with the truck. As you can see in the CarFax provided, it has a great service and maintenance history, so with that and such low mileage, this truck should have lots of life left in it!

To be able to find a one owner, with a perfect CarFax, rear Tommy Gate, with this low mileage, this nice, at this great price, is a deal, and keep in mind, this is an "out the door" price, nothing extra, no doc or dealer fees, nothing!
