Exciting Opportunity: Introducing a Classic 1963 Chevrolet Suburban 4x4 Project!

Discover a vintage gem awaiting its transformation at our dealership. Originally traded in years ago, this 1963 Chevrolet Suburban has been stored in our warehouse, awaiting its moment of glory. Our team envisioned outfitting it with a powerful 3/4 ton Duramax drivetrain, elevating its performance to new heights.

At our body shop and service center, we're accustomed to juggling multiple projects alongside our regular inventory and customer vehicles. As we prepare to move to our new location, we're offering enthusiasts like you the chance to take on this captivating project that we didn't get a chance to start.

This Suburban runs and lot drives, with its 4x4 functional. However, it's important to note that this vehicle is being sold as a project, not as a typical retail unit we offer. While it boasts a clean title, it's not intended to be driven off the lot by a retail customer.

We welcome you to inspect this vehicle and explore its potential. However, for logistical reasons, we cannot issue a temporary tag or permit the vehicle to be driven off-site. Instead, it can be transported via trailer, arranged through an external carrier, or personally delivered directly by our team.

Don't miss out on this exceptional opportunity to breathe new life into a classic Suburban. For any inquiries or to schedule a viewing, please don't hesitate to give us a call. Let's make your vintage automotive dreams a reality!
