Wow, Wow, Wow! This is a very special Lamborghini Huracan, a 2023 STO edition released on the 60th anniversary celebration. This special build, which is very limited with few produced, is in the special VIOLA SE 30th Anniversary color. This historic color was made for the 1993 Lamborghini Diablo SE30 (Super Speciale) and hasn't been reproduced in exactly 30 years all to make this STO a collection piece of ART. The STO alone is a very special model to celebrate the Lamborghini race series Super Trofeo, which is why STO stands for Super Trofeo Omologato, a true Homologation race car for the streets. This incredible spec street legal race car has had only one owner since new and has barely been driven and is now being offered for the first time on the market! To protect this piece of art and beautiful paint is the finest full PPF and ceramic coating which was about \$15K. This won't last!
