Reviews:

* If you need to tailor your pickup truck to your exact requirements, the 2010 Chevrolet Silverado enables you to do just that with a wide variety of configurations, bed lengths and trim levels. The Silverado's V8 engine lineup offers Active Fuel Management technology, Flex-Fuel E85 capability and even a hybrid model. Source: KBB.com

* If you have serious work to do and want to burn less fuel doing it, this is your truck. While Ford and Dodge full-sizers are new and improved for 2010 Chevy's recently redesigned Silverado remains fully competitive, is the only hybrid and by far the most fuel efficient on the road.
