Additional pictures are posted on I-95 Muscle's direct website.

It's time for a blast from the past, Mopar style - the 1973 Plymouth Duster. This one has a vinyl top, the old Mopar stripe, a sweet hood scoop, and a beautiful dark green exterior with a pearl clearcoat. It'll definitely attract some attention! Once you finishing walking around it for the 3rd or 4th time, you open the doors to a matching dark green vinyl interior. It's very much right the way it would've been from new, so your mind gets pulled right back into the 70s. It's hard not to smile with something this cool. Under the hood lives a 225 Slant Six. A reliable little workhorse, this engine fires right up and is ready for some fun. That 6 is coupled to a 3-speed automatic, making this Duster absolutely effortless to drive. The brilliant power steering just adds to that, making this car just as comfortable as something brand new off the lot. This old Mopar is about stance and fun. Sure, it's not a Hemi, or some built monster, but it doesn't need to be. It looks awesome, it sounds good, and it's not trying too hard. It's one of the great classics. Come check it out and ask us about financing and trade-ins. Don't wait until we sweep, or the Duster will be gone.
