Vehicle Description

AutoPark Dallas is thrilled to offer you this LOW MILEAGE 2008 Ford Shelby GT500 for sale! The name Shelby has long been synonymous with American muscle car performance, and that couldn't have run truer when Ford and Shelby released their collaboration of the then-new Shelby GT500 in 2008 - a triumphant return of the GT500 name into production, carrying a potent 5.4L Supercharged V8 Engine good for 500 horsepower and a 6-Speed Tremec Manual Transmission, obviously routing power to the rear wheels. This would be the first Shelby ever produced with a Supercharged engine, completely changing the future of the brand and vehicles they would produce, proving to be wildly successful!! Our 2008 GT500 Convertible has a few extra goodies under the hood, is in superb condition for the age, and is the right one for any enthusiast or car collector! These first generation supercharged GT500 models have become increasingly more difficult to find, especially with the LOW MILEAGE that this one has, so don't miss this opportunity and inquire today to put this beauty in your garage before it's too late! DO! NOT! HESISTATE!!! To swing by and check out this GT500 Convertible that we have parked here in our indoor 16,000 Sq Ft Showroom located in Dallas, Texas amongst our inventory of 100+ other Unique / Modified and Luxury Vehicles!

Referrals and Testimonials is what our business is built on!

The team here at AutoPark Dallas, is dedicated to offering a level of customer service not usually found in the automobile industry. Thanks to years of extensive car buying / selling experience, we pursue quality used and new vehicles that are hand-picked from factory sources. Our love for automobiles and dislike of traditional dealership tactics is what motivates us to provide the service we do! The pride we take in continuing this service long after the vehicle has been delivered is what we strive for! Looking forward to making every effort to see that our customer is completely satisfied and a friend for life!

Pre-purchase inspections are always welcomed!
