Take a look at this beautiful old piece of freedom - a 1966 Ford Mustang, complete with 3 pedals. It looks very much like it would have when it rolled out of the factory in 66. From the moment you lay eyes on this Mustang, you'll be captivated by its vibrant red paint, which gleams under the sunlight and commands attention wherever it goes. It's a silhouette that's recognizable almost anywhere. Slide into the plush red vinyl interior, and you're immediately transported to a bygone era. The seats are in excellent condition, providing both comfort and support, whether you're cruising down the highway or taking a leisurely drive through town. Sitting in this pony car makes you feel like you're right back in the 60s, ready for some fun. Pop that power barn, and you're presented with Ford's 200 CID straight six. Backing up this little workhorse is a 3-speed manual trans that's easy to use, and surprisingly eager to move this Mustang wherever you point it. Owning a classic Mustang opens you up to an entirely different world than the gray cookie-cutter shapes you see on the road nowadays. It's special, different, and exactly what you need to add some fun to a dark world. Bring a trade or check out all our financing options. Don't wait, or it'll be gone!
