This magnificent beast is exactly what you need to spice up your life. It's a 1961 GMC C1500. It's been upgraded and tweaked here and there, so it's ready for a new home! The first thing you'll notice about this magnificent machine is its brilliant yellow exterior. She not only captures the spirit of the 60s but also ensures that you'll stand out wherever you go. The aftermarket wheels and the blacked-out grill just add to the charm. Step inside, and you'll be greeted by a sleek and stylish black interior. There are little updates obvious all through the inside of the truck, letting you know this was definitely someone's labor of love. What else would power this except the legendary 350 SBC. Paired with a smooth 4-speed automatic transmission, this truck glides down the road, demanding attention with a pleasant exhaust bark to compliment that paintwork. Basically, this first-generation GM pickup offers everything you want in a classic truck, without any frills and silly gadgets to get in the way of that old-fashioned fun factor. We accept trades and we have lots of ways to finance, so there's no reason not to come by and get yourself a cool old truck!
