This two-tone piece of Americana is extra special - It's a 1978 Chevrolet Corvette Silver Anniversary. This iconic American sports car is a true collectible that celebrates 25 years of Corvette. That silver on dark grey paintwork gives away the Anniversary model immediately, and the slotted wheels scream classic C3 Corvette. Slide into the driver's seat underneath the body color T-tops to find supple black leather seats and black carpet and accents. It's a very subdued yet special place to be. The individual gauge pods and the vintage fan controls aren't like anything else on the road, and the aftermarket stereo adds just the smallest touch of modern life to make your drive comfortable and easy. The powertrain doesn't add any unnecessary complications, either. It's a 350 CID small block V8 coupled to a 4 speed automatic transmission, so it doesn't need any extra attention from the driver - You just fire it up and go. Every time you turn back to look at this Corvette, every time you pull the door shut, every time you fire that SBC - You'll know you have something special. You have an Anniversary Corvette. So don't wait for someone else to snap it up. Trades are welcome and financing is available. Stop by and check it out today!
