And if the looks weren't enough to grab you, just wait until you pop the hood and see that shiny small block V8 staring back at you. It's like a piece of jewelry for gearheads—polished, gleaming, and ready to roar.

You couldn't recreate this car for what we're selling it for—not even if you bribed your mechanic with donuts every weekend. Seriously, save yourself the time, money, and countless hours of swearing in your garage, and just come buy this one already done. Sub-\$40k for a restomod Mustang with a V8 this pretty? Good luck finding another one. Heck, you could park it at the next car show and pretend you built it—we won't tell.
