Only 30k miles

We completed an inspection on this RV and the following shows the results of our findings:

Text 864-245-0730.

The Chevy V8 runs

good, 6.0 liter.

The transmission shifts good.

The Onan 4k gen runs and makes power.

The engine or dash AC blows cold.

This motorhome was just driven approx 100 miles with no issues.

There is a roof AC unit that works.

The LP system works, furnace, Water Heater and Stove top function try to function but it is low on LP gas.

It has the older tires on it, so, it needs new tires or approx \$1200.

The microwave turns on, although we did not cook anything in it.

The water system works but the shower

faucet needs to be replaced. .

The fridge works.

The fuel filler or gas hose has a leak when you add fuel at the gas station, like the gas filler hose is loose maybe at the gas fill neck.

The power cord is a 30 amp.

The house batteries are older and may need to be replaced.

A few of the lights do not work as you can see in the photos, most of the time, the bulbs are bad.

Most of these older motorhomes really need the oil, oil filter, fuel filter changed on both the engine and the

both the engine and the generator.

We did NOT check anything else.

If you do not see it, or I do not show it functioning or it is not listed in this description, then I did NOT check it, it is missing or similar. The only items checked are listed or shown in photos.

This RV is dirty and needs a good cleaning and it is also a little rough, it is 17 years old and used.

I tried to take a lot of photos so you can tell. For the buy it now price of \$24999 we will include the following: oil, oil filter and fuel filter change on both

the engine and
generator

Wiper replacement

Replace shower faucet

New tires

Functional batteries

New wipers

Full of GAS and LP
