Vehicle Description

Additional pictures are posted on I-95 Muscle's direct website.

This radical 1959 Chevrolet Bel Air Sport Coupe is a bold and rebellious blend of gasser attitude and rat rod style, finished in a mean satin black that perfectly suits its race-inspired persona. With a tilt front end that screams old-school drag strip, this Bel Air is as much about performance as it is about presence. Underneath that menacing front clip lies a 348 V8 bored .030 over with a 409's cam, ready to unleash some serious power. The interior continues the race-ready theme with Kilduff Lightning Rods controlling the 700R4 transmission and a plethora of gauges, giving you total control and real-time information on the car's performance. You'll feel like a fighter pilot behind the wheel of this monster, which is suiting as it only needs a set of wings to take flight. The quick-change rear end ensures ease in making this machine quick off the line on any surface, making it a true hot rodder's dream. The killer stance is a product of lowering springs, shocks, and tubular control arms from Classic Performance Parts. Yes, it has headlights, tail lights, brake lights, turn signals, and an ooga horn all tied into a Ron Francis wiring harness to make sure it's street legal. If you're looking for a classic that bends all the rules and does it with style, this 1959 Bel Air is ready to tear up the pavement and turn heads while doing it. Financing is available and trades are welcome. Call, click, or come see this car today. You're going to LOVE it!

Installed Options

Displayed pricing excludes I-95 Muscle's \$499 Dealer fee as well as any DMV, tax, and license plate fees associated with registering the vehicle in the purchaser's state.
