## Vehicle Description

This 1988 Mustang GT Convertible is a true time capsule with just 22,392 original miles, making it a rare find for any Mustang enthusiast. Sporting its original Medium Cabernet Red paint, this car has been meticulously preserved, with the vibrant red interior and classic white convertible top completing the iconic '80s look. The Mustang spent its early years in Virginia, clocking just 12,188 miles by 2006, before making its way to North Carolina, where it reached 16,000 miles by 2016. Since then, it has been cherished and sparingly driven, maintaining its near-perfect condition. It got a new set of tires about 1,000 miles ago and everything else works to perfection. Fast window motors, cold AC, and a speedy hydraulic top. The automatic transmission makes for a smooth and effortless driving experience, while the low mileage ensures that this Mustang runs as well as it looks. Whether you're a collector seeking a pristine example of Ford's legendary pony car or someone who wants to relive the golden days of American muscle, this Mustang GT Convertible is an exceptional choice that offers both nostalgic charm and long-term value. Financing is available and trades are welcome. Call, click, or come by and see this gem today!
